EDUCATION

Iilm University

BCA with Web Design, Development and iOS Fundamentals

2023 – 2026

Greater Noida, Uttar Pradesh

EXPERIENCE

Intern at Pedestal Techno World [↗](#)

July 2025

Role - Responsive - Ui Design

Remote

- Designed responsive landing pages for desktop and mobile using Figma, incorporating clean layouts, modern typography, and intuitive navigation.
- Redesigned app screens (login, profile) to enhance usability, visual clarity, and user flow based on UX principles.
- Built interactive prototypes, documented UX issues, and prepared developer-ready style guides and asset exports.

Intern at YBI Data Science [↗](#)

July 2025

Role - Software Developer

Remote

- Worked on real-world datasets using Python, performing data cleaning, preprocessing, and exploratory data analysis (EDA).
- Built and evaluated basic machine learning models using libraries like Scikit-learn, Pandas, and Matplotlib.
- Prepared detailed project reports and visualizations to communicate insights effectively.

PROJECTS

Noida Metro App Ui Design [↗](#) | [Figma](#), UI Design, Prototyping, UX Research

March 2024

- Designed a modern, user-friendly metro app interface focused on intuitive navigation, route tracking, and ticket booking.
- Created wireframes, high-fidelity screens, and interactive prototypes for mobile users and Followed design principles for accessibility, readability, and visual consistency

Zomato Login Page Redesign [↗](#) | [Figma](#), Wireframing, Prototyping, User Flow Design

July 2025

- Redesigned the login page of the Zomato app to enhance usability, visual clarity, and mobile responsiveness..
- Improved user flow by simplifying input fields, improving CTA visibility, and optimizing layout for first-time users.
- Created high-fidelity mockups and interactive prototypes in Figma, applying modern UI/UX principles.

CareForGood – Charity & Donation Platform [↗](#) | [HTML](#), [CSS](#), [JavaScript](#),

June 2024

- Designed and developed a social impact donation platform for causes like child health, cancer, and hunger relief.
- Built an engaging and responsive UI using HTML, CSS, and JavaScript with real-time donation stats and CTAs.
- Focused on emotional design, clear user journey, and seamless donor experience across devices.
